What previous students have said:

"I am very glad to have attended the Philip Project. I have gained confidence to teach the Bible to others and interact with the group effectively. I would like to pass on the skills of leading Bible studies to other Christians."

(Beena, India)

"In the Philip Project, I have begun learning to communicate the word of God in the Scriptures effectively to people.

Thanks to the very helpful feedback which I have received, so many of my blind spots have been addressed. I want to thank all of you for laying a good foundation and equipping me so that I may equip others too."

What is the Philip Project?

The Philip Project aims to equip Christian international students and professionals in the UK to understand and share the Bible. We seek to achieve this through training and mentoring students, enabling them to be better equipped to serve Christ wherever they go as disciplers, teachers or preachers.

Who is it for?

The Philip Project is particularly for Christian international students and short term professionals with an interest in understanding and sharing the Bible. We also welcome on the course those who are active in cross cultural ministry or who are seeking to reach their local ethnic communities for Christ.

How Does it Work?

The goals of the Philip Project are achieved through three forms of 'relational' learning and discipling:

- 1** Training days once a month on a Saturday, led by experienced teachers.
- 2** Mentoring to encourage each student's Christian walk and aid their growth in understanding and sharing the Bible.
- 3** A national online meeting with the opportunity to meet and learn with students from Philip Project centres around the country.
